Re: Proctor v. Boston ETAL., CA. No. 04-1441-JJF.

Dear Judge FARNAN:

Enclosed you will see my 4-1-05 Amended Complaint showing the Affidavit that Compels Immigrant danger and T.R.O. Request to the Court. I would also note that this case is an excessive use of force imminent danger exception and the Court's 3-3-05 order is in error or the Court has pre-judged my 11-22-04 Amended (the enclosed). It did NOT! And I am not sure why the Court over-ruled the Personal Injury and Imminent Danger exception as this case clearly presents the exception.

I would hope the Court can notify me accordingly.
